HS7	TowNet 300-40 HS	Corso Italia – Casa Masaccio	 The top photograph shows a street scene in front of Casa Masaccio. A white van, a dark grey car, and a silver car are parked along the curb. The building has a light-colored facade with arched windows and a small Italian flag hanging from a balcony. The bottom photograph is a close-up of the building's exterior wall. It features a window with dark brown shutters, a small plaque with text, and two security cameras mounted on the wall. A black downspout is visible next to the cameras.	A parete edificio Casa Masaccio.
-----	------------------	------------------------------	--	----------------------------------

HS8	TowNet 300-30 HS	Incrocio Via Mazzini – Piazza Masaccio	 The top photograph shows a street intersection in Masaccio, with a yellow building on the left and a paved street leading into the distance. The bottom photograph is a close-up of the TowNet 300-30 HS device mounted on a yellow wall, showing the device and its connection to a horizontal cable.	A parete edificio. Foglio 14 – Particella 211.
-----	------------------	--	---	---

HS9	TowNet 300-30 HS	Incrocio Via Piave – Corso Italia	 The top photograph shows a street intersection in a town. On the left, a building with a 'GEOX' sign is visible. A red 'no entry' sign is on the corner. Several cars are parked along the street. On the right, a yellow building with a 'HERMELINE' sign above a grey door is visible. The bottom photograph is a close-up of the yellow building's facade, showing a window with dark shutters, a white electrical box, and a dark downspout.	A parete edificio. Foglio 14 – Particella 156.
-----	------------------	-----------------------------------	---	---

HS10	TowNet 300-30 HS	Ingresso Via della Madonna (su palo)	 The top photograph shows a street corner in a town. On the left is a two-story building with a brick wall in front. On the right is a taller, light-colored building. A utility pole stands in the foreground, with a TowNet device mounted on it. Several posters are attached to the pole. The bottom photograph is a close-up of the TowNet device mounted on the pole, showing its white casing and mounting hardware.	Su palo che ospiterà anche la telecamera ZTL. Lo hot spot trasmetterà al server di controllo i dati registrati dalla telecamera.
------	------------------	---	---	---

HS11	TowNet 300-40 HS	Incrocio Via Garibaldi – Via Rosai (su palo)	 The top photograph shows a street intersection in an urban area. A metal pole stands on the sidewalk, supporting a satellite dish antenna and a traffic sign. In the background, there is a multi-story building with a red-tiled roof and some trees. The bottom photograph is a close-up view of the antenna and its mounting hardware on the pole, showing the satellite dish and the electrical box used for the antenna system.	Su palo che ospiterà anche la telecamera ZTL. Lo hot spot trasmetterà al server di controllo i dati registrati dalla telecamera.
